Gentlemen/

There's nothing that can give an Interruption to publick affairs, or disturb that good Agreem^t. that ought to be between us, but that we Share therein wth Infinate concern

And therefore we have carefully Enquir'd into the Nature of the Complaint laid against Coll- Risbee and thô he disowns the words as they are charged yet we are Satisfied that Severall indecent and unbecomeing expressions past between him & Mr Stanyarne a Member of your House over a glass of wine and that Mr Stanyarne a member of yo^r House tooke the liberty to Say (among other things) that 'twas in the power of the House of Com'ns. if they pleas'd to Send any of the Dep^{ties}. to be lookouts on Sullivans Island or words to that effect, w^{ch} must needs be owned very rash and Affrontive to us also who are the Superiour part of the Legislature, so that if Enquiry be made into the case of Coll- Risbee, we cannot be

so farr wanting to own Hon^{rs}. as to overlook Mr Stanyarne behaviour./

But this measure being likely to engage us into heats and Contentions. looseing our time, & Neglecting the end for w^{ch} we are mett, we think it more adviseable to pass it by, with a Mutuall Silence, takeing more care on both Sides not to give the like offence for the future—

As to the repairing & disposeing of the Countrey boat and Galleys we agree with you, in the Measures you propose and desire it may be done as soon as possible—

A Message from the Govern^r & Councill by Capt Evans Vizt.

Gentlemen/

Yeasterday in the Afternoon we rec'd three Messages from your House, One concerning James Child another about Cap^t Eves Petition and the third relateing to the prsents Collected for the Govern^r by the Indians, to w^{ch} we answer first we are very willing if M^r Child has transgress'd the Laws or Committed any misdemeanors in prejudice of the peace of the Countrey that he Should be proceeded against according to Justice without any respect or regard whatsoever, but we cant but take notice how little trouble you give your Selves to informe us what grounds you have for yo^r Suspitions agst him, thô you press us to Shew him the Strictness due only to Traters & Murderers—

Therefore Gentlemen we do expect that if you have any Lettr^{rs}: depositions or other informac^{ns} concerning M^r Child you lay them before us, that from theme we may Collect whether his Offence is Bailable or not, for otherwise we fall into an Error against the Intent both of Law and Justice, and when we are so inform'd there will be no need to importune us either to take Cognizance of the Crime or punish the Offender—

As to Cap^t Eves Petition we are Still of the opinion and think it but reasonable that the publick & no other Should make him Satisfaction for his Land, Since it would have been so inconvenient and prejudicall to the Intrenchmt^s: to have the Adjoyning Lotts finished & Settled, and we wonder at the litle respect wherewith you treat your Govern^r, letting every private person loose to Contest his Actions, which you cannot but own were design'd for the publick Safety for if our fortifications are block'd up tis in vain to expect any Advantage by them nay rather we are less then on even terms with an Enemy—Besides Gentlemen you mistake the words and meaning of the Act when you say that you cant find any Law &c^a, for in the Act made for fortifying Charles Town amongst other things it is said that the Commissior^r, Coll Rhett Shall have power with the advice of the Right Hon^{rble}: the Govern^r: to remove any thing that he Shall think prejudicall to the said fortificac^{ns}, the true intent & meaning of w^{ch}: is to remove any thing that might obstruct the Guns from playing or Shelter an Enemy on his approach to the Town, which the Setting up fences & building houses so near the trenches

would certainly do, and so the prohibition to Cap^t Eves does not exceed the power given by the purport of that Act but is pursuant thereto, and absolutely necessary for the reasons aforesaid & therefore it will be very little to Cap^t Eves Advantage to Send him to the Govern^r for Satisfaction—

And lastly as to the doubt you make whether according to the Act, the Govern^r ought to have the present of Skins (prepared and ready to be Sent to him by the Cherekees) or not, we see no room for Such Scruples, or any reason to Expect better Satisfacⁿ any were else, or from any other person then you had yeasterday we Sent you two of ye head men of men of that Nation, who have Inform'd you that tis above Eight Months Since those Skins were Collected for the Govern^r, and the Act expressly excepts in the same paragraph were he quits Claim to all Indian presents Such as are already in the Hands of Some Indian Trader or any other person or ~~pe~~s^{sons} for him, so that without a manifest violation to yo^r own Act you cannot deny or delay Sending orders to your agent to forward the present to the Govern^r— as has been already requested of of you & which we had much rather Should be Effectuated that way, then oweing to the necesity of other measures—

N Johnson—

Motion being made that the Govern^r may appoint Some places for to retreat to upon any Sudden Surprize, & upon debateing the Same Order'd that Mr Rich^d. Berrisford & Mr Grange Carry the ffollowing Message to the Govern^r Vizt.

sity of places for Randevouz and Rallying our forces in case

May it please yor Hon^{rs}—

By Capt Evans yeasterday we

rece'd yor Hon^{rs}— answer to our Messages we Sent you in relac^{on} to Mr Child Cap^t Eves and the presents of Skins &c^a as to that of Mr Child we had Sufficient reason to make our Appliac^{on} to your Hon^{rs} that he might be prosecuted according to Law, haveing had as well heretofore as of late Severall good proffs of his notorious Crimes and misdemean^{rs}. Committed amongst the Indians tending to the breach of friendship between the Indians and us, & Consequently the dreadfull Effects of an Indian Warr, which proffs we herewth. Send you, & pray yor Hon^{rs}. will take Such Methods as the Crimes Imports to bring him to Condeign Punishment—

As to what Concerns Cap^t Eves we cant be of any other opinion till better Satisfied but that he ought to have the liberty of putting up his fences for his proffitt as well as others have to keep

A Message from the Governr: & Council by Cap^t: Geo: Evans wth: the ffollowing Message. Viz^t:

Gentlemen.

Yo^r: Message this Morning offers to our Consideration the Necessity of places of Randesvoze & Rallying our fforces in a Case of a Sudden Surprize or Repulse from the Enemy & to fix the Same that they may be inserted in an Act w^{ch}: proposall, we are of the opinion is inconsistent with the nature thereof as well as not practicable for how is it possible to Assertaine any place as a Randesvonz to Rally our fforces when wee know not where the Repulse will be given, but in all Such, Cases tis the Generall only that is invested with a Discretionall power to Direct as the Exigency of affairs shall Require, & therefore (not to say any thing) of the Dangerous Consequence of the publick knowledge of a place to Rally on with w^{ch}: the enemy in all Likelyhood may be informed & so Defeat the Design) such insertion in an Act is altogether improper & interferrs with that power that ought to be reserved & Lodged in the brest of the Generall & as to the other part of that Message Concerning Magazines &c we do not very rightly Understand the Meaning & intent of it without Some further Explanation w^{ch}: Wee expect from You./

But Gentlemen Since we perceive yo^r: House is under Military Considerations we think it Seasonable to Advise You that there is a Great Defect & Want of Cap^{ts}: there being Severall Companies unprovided, and therefore it is Absolutely Necessary that some means & Methods be used & taken to encourage Capable persons to supply those Vacansies for it is in Vaine to think of the Advantage of our fforces if the severall Companies want Leaders & tis very Likely this Mischief may be prevented & fitt p^rsions undertake the Charge if the Trophies of each Company be allowed by the Country w^{ch}: is no ways Unreasonable Since there are always other Considerable Charges unavoidable incident to the Commission & therefore wee press Yo^r: Speedy Consideration in that affair

Wee Likewise must put You in Mind of the Eight Barrells of powder & Shott borrowed & Lent to us by the Govern^r: of Bur-mudas as wth: all in Honor^r: & Justice wee ought to have paid Long Since, which the Govern^r: by Several Urgent Letters has Demanded of us./

Natha^{ll}: Johnson.

Upon Debateing the same the Question was put whether Drums Collours & Haulbards be paid for out of the publick to each Company

Carried in the Negative.

The Committee Appointed to prepare & draw up the Message to the Govern^r: & Councill. Concerning Dr^r: Marston brought in the Same which was Read & Agreed to & is as ffolloweth. May it please Yo^r: Hon^{rs}:

Dr^r: Edward Marston

Haveing made Application to this House to Have his Salary of £150 \pounds ann paid him as being Minister to the Church of England In Charles Town According to a Law made & provided in that Case for the payment thereof. And the same Appearing to us by the said Act to be justly due to him but finding Yo^r: Hon^{rs}: not Concurring to an Ordin^r: for the payment of said Sallary the Last Sessions do pray Yo^r: Hon^{rs}: to Show us Such reasons that wee may be thereby Satisfied Why the said Doct^r: Marston ought not to be paid According to the directions & Intent of the said Act/.

Wee Expect the House of Com^{ons} would have been so Civil as to Have Sent us the originall Mittimus Depositions & Examinations Concerning James Child as they were taken or at Least Attested Coppies of them & before whome taken but However that shall Give no interruption to our proceedings thereon & therefore supposing the Crimes Laid agst: him are true Wee are unresolv'd in the Case of takeing or Refuseing baile & Desire Yo^r: opinion whither a p^rson Killing any Indian in amity with this Govermt^t: ought to be proceeded agst: as a Murderer of any of the Queens Leige Subjects if you think he ought wee desire to know by what Law whereby the Attorney Gener^{ll}: may Ground the Inditem^t: agst: M^r: Child but if in that respect you find a deficiency in the Law then we advise You imediately to bring in a bill for the passing & makeing of Such a Law to punish the Like offence for the future for wee agree wth: You in the dangerous Consequences of such practices & will give the Attorney Gen^{ll}: strict Charge to prosecute Jeames Child at the next Gener^{ll}: Sessions of y^e peace for these high Misdemeanours Laid agst: him but See not How Wee can in Justice refuse to accept Baile for his Appearances & therefore being a Matter of So Great Moment Desire Yo^r: Advice therein/

Nathan^{ll}: Johnson.

Gentlemen/

Wee Read Yo^r: Message relating to Mr: Edw^d: Marston & do find the same so Gener^{ll}: that wee Cannot well tell Your Meaning in it for You say he Hath made his Application to have His Salary of a £150 pr annum paid him as being Minister to the Church of England in Charles Town but you do not say for wt: time so that by the Writing of Yo^r: Message it Looks as if he thought himself still Minister of Charles Town for You have not Said that he Officiated a Year before he was Removed & that there is 150 Due to him for that time but only in Generall that is due to him 150[£] pr annum So if You please to explaine Yo^r: Message Wee question not but wee Shall be able to give a Satisfactory Answere if Reason will Satisfy You founded upon the Hon^r: of Yo^r: owne House

You are pleas'd to Lett us know by Yo^r: Message Relateing to the Rev^d: Edw^d: Marston that you find our address Concerning the said Marston So Gener^{ll}: that you cant well tell our Meaning in it & that if we will explaine y^e Same you question not but you will be Able to give a Satisfactory answere if Reason will Satisfie us &c. as to the first part of our Message w^{ch}: is said to be So Gener^{ll}: that the meaning thereof Cannot be Understood. Wee therefore informe Yo^r: Hon^{rs}: That from the Date of the Ordinance of Assembly to Stop Doct^r: Marston Sallary there is Justly due to him One Hundred & fifty pounds to the date of the Decree of the Commission^{rs}. to eject him and wee Suppose You are not Ignorant that Doct^r: Marston officiated in his ffunction at Charles Town to that time and as to the Latter part of the Message wee doe Expect to be satisfied by Reason Grounded upon a Sure foundation which is Consistent wth: the Hon^r: of our House./

That the said Bill be recommitted for Amendm^{ts}: to Mr: ffenwick Mr: Stroud Mr: William Smith Mr: Grange & Mr: Woodward

be a Com'ittee accordingly & bring in the Same on Monday next.
a Message from the Governr. & Councill by Cap^t: Evans &c.
Gentlemen.

Wee read yo^r: Second Message relateing to M^r: Edward Marston wherein You desire us to Give our Reasons why he should not Have 150^t paid him for officiating from the date of the ordinance of the assembly to stop his Salary till the time that he was ejected by the Decree of the Comision^{rs}: And we Cannot but wonder yt you should aske us to Give reason why he should not be paid y^e Salary when you may see the Reasons very plainly in the words of the ordinance where after y^e recitall of his offences & his abusing of the Goverm^t: It is expressly Said yt no more Money Shall be paid him out of the publick Treasury untill Such time as by an ordinance of the Gener^{ll}: Assembly upon his Amendment better behaviour & Submission he be Restored to the Same, Now he hath been so fur from any Amendment or making any Submission to the Goverm^t: that he Continued his abuses & Railing Constantly in his Sermons So that neither the Governr^t: nor no one else Concerned in the Goverm^t: could Goe to Church except they would be Contented to hear themselves abused He haveing his abusise papers ready penned into his Sermon Notes to make use of When he saw any one Concerned in the Goverm^t: come to Church w^{ch}: necessitatd the Commission^{rs}: to proceed agst: him And Several of the Articles Charg'd agst: him before the Commission^{rs}: was Occasioned by these Railing & abusive Sermons Therefore wee Suppose you Cannot Expect wee Should Consent to have him paid for these abusive Sermons for which we thought him worthy to be deprived And whereas You object yt he officiated yt time to yt we Answere yt we know no one Yet desired him & all of us would have been Glad if he would have Lett it a Lone for it was his officiating drove us & others from the Church who were Sure to be abused by him in his Sermons And he hath Still Continued His Insolences & abuses to the Goverm^t: a particular Instance of which You had in Last Scurrilous & abusive Letter sent the Governr^t: w^{ch}: was Laid before Yo^r: House y^e Last Sessions & at y^e opening this Yo^r: Meeting the Governr^t: told you how ill he took yo^r: ffomer Treatment of him wth: Respect to M^r: Marston And therefore Wee wonder to See you repeat Yo^r: Affronts to

the Governr: by siding with Mr: Marston by which we & every one may plainly See that a person need have no other Qualifications to Entitle him to Your favour but abuseing the Govrment: otherwise Surely You would never Expose the Cause of Mr: Marston whose notorious Guilt in y^t p^{rticular} is so well known. for Certainly You Cannot Suppose that wee or any other person will think it is Yo^r kindness to the Church & the Clergy in Generall. for as to the Church You have Sufficiently Shewed Yo^r: prejudices to y^t by a Late Instance And for the Clergy You Have Shewed Yo^r: Good will to them in the Case of Mr: Lazel whom You have refused to Gratify tho You all know y^t he Hath Officiated to ye Satiesfaction & Content of the Goverment & his parishioners.

Now as to Mr: Marston he hath never made any amendment nor Submission in all this time Elaps'd since the first passing the Ordinance for Stoping his Salary and therefore we Give You this as our possitive & final Answere Concerning him That we will never Consent that he shall have any Money paid him out of the publick Treasury Neither will we Spend any more time and pains in Receiving or Answering any more Messages relateing to him.

Neither do we know w^{ch}: way he Could be paid as a Minister if were willing when the old Church Act is Repealed and all the publick Money Appropriated under a Striet penalty upon the receiver for paying Contrary to the Appropriation And therefore if he Deserv'd our Pitty or favour w^t Should be Allotted him (as the Treasury is now Settled) must be by way of Gift or Charity, and as to that when we Can See his Submission to the Goverment for his many Abuses of them, and that Wee shall have Some Experience of his Liveing as becomes a Christian & a Minister of the Gospel & of the Church of England in perteicular by paying all Dutifull obedience to the Goverment, According to the known Doctrine of the Church & Liveing in Love & Charity wth: all people And perticularly the people of his parish, Then & not before wee shall Consider how farr he & his family are objects of our Charity. And Shall not then be Wanting to shew our Selves Compassionate & ready to forgive/

Gentlemen.

I need not be Large to Give You reasons why I Called You Suddainly & before the pro'gation.

Yo^r: Com^{rs}: for the Indian Trade informed me that the Exigency of those Affairs required it otherwise, I had not Given You the Trouble of Leaveing Yo^r: private Concerns at this time But You Very well know that be the Necessity never So Great or Dangerous neither my Selfe or the Commission^{rs}: Can Draw any Money out of the Treasury for publick Service

I dont Observe this to You Gentlemen as Thô I would insinuate or Desire to have any Such power or Trust for that would but Impose a Greater burthen on my Shoulders & perhaps to Expose to Censure (for Experience has instructed that the good or bad Management of Human Affairs is Determined by Success) but that the Distributive power of Money may be placed in Such Hands where Yo^r: Jeliousses may give You more Assurance then in my Owne for I am No wais fond of being Accountable for publick Money & So Little Gratified I have found for past Services, that I am not Desireous to run any Hazards of that kind for the future Except in the way of y^t Duty I owe to my publick Station & there both my Life & Intrest Shall be freely Expos'd

To Yo^r: Commission^{rs}: I referr you for the Speciall Occassion of this Meeting from whose Accot: if You Collect a Necessity of Sending forces to Reduce or Distroy those Indians or others who are Reported to Insult our Settlements I am Ready not only to Stamp Yo^r: Resolves wth my Authority, but even (if you Desire it & think the Danger So Great & imminent) to Go in person & Venture my Life in the Service & as the nature of this Affair requires hasts & Expedition So I will Detaine You no Longer from Goeing to Gether to Consult what is Necessary to be done at this time Only Gentlemen I must Observe to You that I did Expect from w^t I said the Last Sessions You would have done me Justice by Expunging out of Yo^r: Journall that precipitated Vote wherein You Censure Yo^r: Govern^r: without Hearing w^t: he Could Say himselfe, which as it was Denying him Com'on Justice that not any of you, but would think hard in his owne Case, So I did Expect that Yo^r: Cooler reflections on it, would have been more Just & therefore

now Desire it may be Done & that I may No Longer have Occasion to Complaine/

Gentlemen—/

Thô wee Never Yet were of Opinion yt a House of Com^{ns} had the Least pretensions to a power of Enquireing into the Qualifications of any of the Lords pp^s: Representatives Yet for peace Sake & yt ye publick Buisness of the Country might not be Retarded we Gave You not Long Since (as we thought) Gen^{ll}: Satisfaction as to Mr: Trott in particular and even You Yo^r: Selves totally Acknowledged him as Such by Meeting him wth: others of the Deputies at Severall Conferences & Entering into Debates with him & therefore wee were in hopes no more to be obstructed by Such frivelous Objections & Least of all at this Juneture wⁿ: ye peace & Saftey of the province Lies at Stake.

Therefore Gentlemen be Advised without any more Delay to Apply Your Selves to the Buisness you were Sent for, & Leave the Legality of Mr: Trott's Deputation (being an Affair

that does not Lye before you) to us who only are Accountable to the Lordshippes for his Admission for it is the positive Resolution of this House not to Issue You forth any other proclamation or Do any other Act that may look Like Disowning Mr: Trotts power as a Deputy/

Nathal: Johnson

May it please Yor: Hon^{rs}:

Wee Cannot be of opinion nor Assent to w^t Yor: Hon^{rs}: are pleased to assert in Yor: Yesterdays answer That the House of Com'ons has Nothing to do to Enquire into ye Legallity of the Lords propriet^{rs}: Representatives If so then every Govern^r: may Impose upon them and the whole Country to great Detrim^{ts}: & Damage (itt may be the ruin thereof.

But at this time (for peace Sake & because the Imogeneity for what wee are Called at this Juncture requires a Speedy Dispatch of affaires) Soe will wave the Debate for the future—

Wee are then ready Ananemously to Joyn wth: Yor: Hon^{rs}: in Consulting the best & Speediest Methods to be Taken to Stop the Barbarous Insults & Incursions of our Savage Enemies the Indians. And therefore Humbly request a Conference of our whole House wth: Yor: Hon^{rs}: to Conferr a about ye Same w^{ch}: wee pray Yor: Hon^{rs}: May be as Soon as possible

Gentlemen.

Wee Just now rec'd a Message from Your House y^t you were Ready for Ratification but that you Desired there should be a Quorum of Deputies besides Mr: Trott Wee Cannot Imagine w^t You mean by insisting further on that Matter w^{ch}: is none of Yo^r: Buissness & Concerning w^{ch}: wee Gave You our positive resolutions from which wee are Resolved not in the Least to Depart Surely you have not forgott that You are now Called to Gether by Mr: Trott's Hand to the proclamation & have hither to Sat by the Same & this day Mr: Trott made vp the Coram to pass yo^r: Bill into a Law & therefore if it were Ratified by all ye other Deputies it would not be good by reason it was passed into a Law by him if he is no Deputy w^{ch}: wee are all Satisfied he is otherwise wee would not have Admitt'd him with us to have passed it into a Law.

Thô. a bear Quorum of the Deputies wth: ye Govern^r: is allwaies good in the Ratifying any Act. Yet when more Members of Councill are present wee have never refues'd to have as many as wee Could to Ratify o^r Acts

But Coll^o: Broughton & Coll^o: Gibbes being out of Town & Coll^o: Risbee being Sick & not able to attend wee Can but make vp a Quorum wth: Mr: Trott, & therefore if you will not pass the Bill wth: him as one of the Quorum if any Evill Happen for want of it the Blame must Lay at Your Doors/
